

## **NANO FINISHES** **NANO-TEX &** **NANO-TEX WITH NANO-BLOK**

**MOISTURE RESISTANCE:** FINISHED FABRICS WILL AGGRESSIVELY REPEL LIQUIDS AND PREVENT STAINS. LIQUIDS WILL BEAD UP AND WILL NOT SATURATE FABRIC.

**ENHANCED PERFORMANCE:** INCREASES DURABILITY AND ABRASION RESISTANCE WHILE LEAVING THE FABRIC SOFT AND MOLDABLE FOR UPHOLSTERY APPLICATIONS.

**ENVIROMENTALLY FRIENDLY:**

THE BARRIER IS 100% POLYESTER AND ANTIMONY FREE WHICH MAKES IT HIGHLY RECYCLABLE. IN ADDITION, TEXTILE MILLS PROVIDING THIS FINISH DO NOT REQUIRE ANY EXTRA PROCESSING WITHIN WASTE WATER TREATMENT FACILITIES. NANO-TEX PRODUCTS MEET STANDARDS MANDATED BY EPA, OSHA, AND CPSC.

**SPOT TREATMENT:**

LIQUIDS CAN BE BLOTTED OFF THE FACE OF THE FABRIC OR CAN BE CLEANED WITH WATER. IF NECESSARY, THE SURFACE CAN ALSO BE CLEANED WITH DETERGENTS, SOLVENTS OR 10% DILUTED BLEACH (FABRIC APPROPRIATE).

**NANO+BLOK OPTION:**

ONCE TREATED WITH NANO-TEX, FABRICS MAY RECEIVE ADDITIONAL PROTECTION WITH THE NANO-BLOK OPTION. THIS IS A TRUE 100% MOISTURE BARRIER THAT WILL NOT ALLOW ANY SUBSTANCE TO REACH THE CUSHION. IT ALSO IMPROVES SEAM SLIPPAGE FOR UPHOLSTERY.

**\*\*\*\*\*DRY CLEANING IS NOT RECOMMENDED WITH NANO-TEX PRODUCTS\*\*\*\*\***

**PRICING:**

NANO-TEX: \$3.50/YD ONCE \$150 MINIMUM IS MET

NANO-TEX & NANO-BLOK: \$7.00/YD ONCE \$200 MINIMUM IS MET

**MINIMUM YARDAGE:** 5 YARDS (PER COLORWAY)

MOST OF OUR FABRICS MAY BE TREATED WITH NANO-TEX. PLEASE INQUIRE ON THE SUITABILITY OF A SPECIFIC PATTERN. THANK YOU!
